

Model 215 Bowl Truck

Standard Features

- Bowl Truck with Handler

Options & Accessories

- Available for downsize bowls

General Description

Bowl Truck are available from models W30 to W150 qt sizes (including downsize bowls).

Construction

Bowl truck frame is constructed of cast aluminum with a plated handle for easy use. NSF approved castors with rubber wheels for quiet operation. Applicable to the foodservice and baking industries, its construction and finish is of the highest quality.

Ease of use

Varimixer's innovative design includes a back saving feature, a bowl truck handle, no more bending over to move bowls around the facility.
