General Description

- Model 312GS Shredder with a 3/16" disc and plate holder. Our versatile grater/shredder attachments can be used to grate and shred cheeses, raw vegetables, nuts, breadcrumbs, etc. depending on the plate or disc selected. Our S/S discs are available with 1/2", 1/4", 3/16", 3/32", 5/16", or 5/64" size holes and a special grating disc for breadcrumbs & hard cheeses. A disc holder with shaft and one 3/16" disc are included with the 312GS attachments.

NOTE: These products will only fit into Varimixer products that are equipped with a #12 Hub

- Model 312VS Shredder with an adjustable knife. Our slicer attachments can be used for slicing potatoes (from 1/16" to 5/8" thickness); cutting vegetables for salads and coleslaw; or for slicing fruits and nuts. An adjustable slicer plate with shaft is included with the 312VS attachments.
